WELCOME

Congratulations and Welcome! Thank you for downloading the Warrior Insurance Network (WIN) Mobile App! It is time to get started!

LOGGING INTO THE APP ON YOUR APPLE OR ANDROID PHONE

When you log in to the app for the first time, you will be prompted to do the following:

1. The first step is to set up your **Warrior Mobile App Account**. Under the blue Login button, please click on the **Sign-up** prompt and you will be directed to the Policyholder Registration screen. See **Figure 1**.

Figure 1

POLICYHOLDER REGISTRATION | SETTING UP YOUR WARRIOR MOBILE APP

2. To get started please enter your **First Name, Last Name, Policy Holder Number** and **ZIP Code**. Please ensure the information you entered is exactly as it appears on your FCIC/USH&C policy. If the information is correct, click the **Continue** button. See **Figure 2**.

Please note:

- It is important your first and last name are entered exactly as it appears on your personal automobile insurance policy. For example, if your proper first name is James, DO NOT enter it as Jimmy or Jim.
- When entering your Policy Number, please enter it exactly as it appears. Your Policy Number will have a space and include a dash. For example, USL 739096-00, NOT USL73909600. Your **First Chicago Insurance Company (FCIC)/United Security Health and Casualty Insurance Company (USH&C)** Policy Number contains capital letters, so please ensure you provide your FCIC/USH&C Policy Number exactly as it appears. The web app will automatically capitalize those three characters. For example, USL 7390096-00, NOT usl 739096-00.

After your Policy details are validated, you will be prompted to proceed and create your account. See **Figure 3**.

The screen displays the 'Policyholder Registration' title at the top. Below the 'WARRIOR INSURANCE NETWORK' logo, a message reads: 'Enter First Name, Last Name, Policy Number and Zip Code as per the policy document.' There are four input fields: 'John' for First Name, 'Doe' for Last Name, 'ILS 000000-00' for Policy Number, and '60638' for ZIP Code. A blue 'Continue' button is at the bottom.

3. Please enter your **Email ID** to verify your Email is available. See **Figure 4**.

4. After your Email ID is validated, you will proceed to confirm and re-enter your Email ID as well as create your Warrior Mobile App **Password**. Passwords must contain the following:

- upper case (A-Z)
- lower case (a-z)
- number (0-9)
- special character (e.g. !@\$*)

Please re-enter the password and make sure they are both correct. Next, click on **Register** button. See **Figure 5**.

CHANGING THE DRIVE MODE OF A LOGGED TRIP

Warrior Mobile comprises two drive modes: Driver and Passenger. The app automatically detects the appropriate mode (Driver/Passenger) of every trip. At any point, you can also change the drive mode for a given trip from the Trip History screen.

Log in to the app.

Tap **Trip History** on the **Risk Services** screen.

On the **Trip History** screen as shown in **Figure 33**, you can tap on the toggle button (on the left) of a trip to change the drive mode from **Driver** to **Passenger** or vice versa.

On the **Trip Detail** screen, you can also review the route taken for the trip along with unsafe driving events detected by the app as shown in **Figure 34**. The purpose of this information is to provide feedback and improve driving behavior.
